

## CHAPTER V

### CONCLUSION

This study discusses the use of register in basketball match. In order to get better understanding about basketball register, this study only discusses two problems, namely the kinds and the meaning of basketball register in the sentences which are found in internet.

This research applies descriptive method to analyze the data. This method uses some steps: collecting, classifying, and analyzing the data. The total numbers of the basketball register which are found in internet are 48 terms.

The result of the analysis shows that there are seven kinds of basketball register, namely *basketball register referring to the moving of the ball, the strategy of the game, the player position, the foul, the violation, the officiating, and the game court.*

The basketball register which refers to *the moving of the ball* of basketball are of eleven terms. They are *alley-oop, bounce, elbow, assists, dunk, lay-up, shot, free throw, three pointer, reverse lay-up, hook shot, and opening tip.* The basketball register which refers to *the strategy of the game* which consists of the *blocking out* and *the defense* is of seven terms. They are *block, pick and roll, give and go, fast break, offensive rebound, steal, and one-on-one.* The basketball register which refers to *player position* is of five terms. They are *point guard, shooting guard, small forward, and center.*

The basketball register which refers to *the foul* is of seven terms. They are *offensive foul, loose ball, double-double, triple-double, holding, flagrant, and technical foul*. The basketball register which refers to *the violation* is of the one term namely, *charging*. While the basketball registers which refers to *the officiating* is of four terms. They are; *referee, coach, commissioner, and president*. The basketball register which refers to *the game court* is of thirteen terms. They are *backboard, backcourt, basket, baseline, center circle, free throw line, frontcourt, lane, mid-court line, three point line, perimeter, low post area, and key*.

The meaning of the register which is discussed by the researcher is in the basic of all sign or symbols system that refers to something specific and tangible, that is the register of basketball. Therefore, all the meanings of the basketball register refers to sign or symbol systems which mean something specific and tangible in the basketball field.
